LAFOLETTE CARRIES HOME STATE A ONE

Davis Goes to Bed at Midnight Refusing to Admit Defeat and Pointing to Wilson Victory Back in 1916.

NEW YORK, Nov. 5.—(By Associated Press).—Early today Mr. Coolidge apparently had a commanding plurality in the following states:

Connecticut, 7; Delaware, 3; Illinois, 29; Iowa, 13; Kansas, 10; Kentucky, 13; Maine, 6; Maryland, 6; Massachusetts, 18; Michigan, 15; Nebraska, 8; New Hampshire, 4; New Jersey, 14; New York, 45; Ohio, 24; Oregon, 3; Pennsylvania, 38; Rhode Island, 5; Utah, 4; Vermont, 4.

Total, 273. The figures are electoral votes. This includes some states in which the returns still are far from complete, but in which the condition of the count or concessions of political leaders of the opposition point to a Coolidge victory.

In addition, the Republican presidential nominee was leading in totals compiled early today in Arizona, with three electoral votes; California, 12; Colorado, 8; Idaho, 4; Indiana, 15; Minnesota, 12; Montana, 4; Nevada, 3; North Dakota, 5; South Dakota, 5; Washington, 7; West Virginia, 5, and Wyoming, with 3. But in none of these states had a sufficient number of precincts reported to make the outcome certain.

The number necessary to elect is 266.

John W. Davis, at the same hour and on the same basis, appeared to have gained a safe lead in the following states with the following electoral votes:

Alabama, 11; Arkansas, 9; Florida, 6; Georgia, 14; Louisiana, 10; Mississippi, 9; Missouri, 12; New Mexico, 5; North Carolina, 12; Texas, 23; Virginia, 12.

Missouri to Close
In addition Mr. Davis was leading on the face of incomplete returns in New Mexico with 2 votes.

UP-TO-DATE NEWS FROM LOCAL POINTS

FAIR BOARD AT CHAUVIN MEETS

Annual Meeting of Agricultural Society Is to Be Held December 5

(By Bulletin Correspondent)
CHAUVIN, Nov. 4.—The local Agricultural Society is in good financial standing, according to a report which was submitted by the secretary to a meeting of the directors held last evening. The organization has been fairly well supported by the farmers of the district, and indications are that next year's fair will be better than the event held this year.

President A. E. Finner presided at the meeting. Secretary P. Perry was unable to attend owing to illness, which has kept him confined to his home for some time.

Reports of Judges
The report of the judges of the fair met with the approval of the directors. When considered by each other there was some difference of opinion expressed by the judges as to the size of the flock, and the breaking breeds of cattle, and other minor details.

The matter of holding the annual meeting was left to the directors of directors. The question was discussed for some time but it was felt that inasmuch as the fair would be held during the time of the coming board, that they should have the arrangements in their own hands.

Annual Meeting
The date for the annual meeting was fixed for December 5. The meeting will be followed by a social and a dance. A resolution conveying the sympathy of the society to the late Mrs. J. L. H. is being passed. It has been fixed for some time, was unanimously passed.

A committee consisting of Messrs. Fisher, Rival, J. L. H., and Mrs. Armour, were appointed to arrange to the date of the entertainment for the annual meeting.

Pullets at Lacombe Make Exceptionally Good Laying Record

(By Bulletin Correspondent)

LACOMBE, Nov. 4.—Twenty-seven March hatched White Wyandotte pullets owned by the Experimental Station have just made a good laying record by producing an average of 25.5 eggs each during the two months of September and October, under good practical care and management. This illustrates the value of good breeding, as the dams of the respective sires of these pullets all have egg records of over 200 eggs per year, and the dams of the pullets have egg records ranging from 177 to 214 eggs in one year. The earliest laying pullet in this group laid her first egg at the age of 135 days, or about four and one-half months.
